# PR009 - Duns Number/Contractor Type Reference Maintenance Screen

Introduction   This procedure describes how to set up and maintain the identification numbers assigned to vendors by Dun & Bradstreet (i.e., DUNS numbers) that are associated with certain types of contractors such as HBCU/MI vendors. This data is entered via the CSPS "DUNS Number/ Contractor Type Reference Maintenance Screen" (PR009). The data found in the PR009 table will be used for editing SF-281 and CD-409 reports.
